# ZETCAB SERVICE RELIABILITY

Service Accuracy

ZETCAB operates as the basic principle of punctuality, safety, and convenience of the aircraft. In particular, for the safety and security of private jets, strict management is carried out through WYVERN's system, which operates a worldwide private jet safety / security program.

ZETCAB operates on the basic principle of punctuality, safety and convenience.

**Stability 100%  
safety**

For the safety and security of private jets operating through jet cabs, WYVERN, which operates a worldwide private jet safety / security program, is strictly managing it.

**Punctuality  
100%  
PUNCTUAL SERVICE**

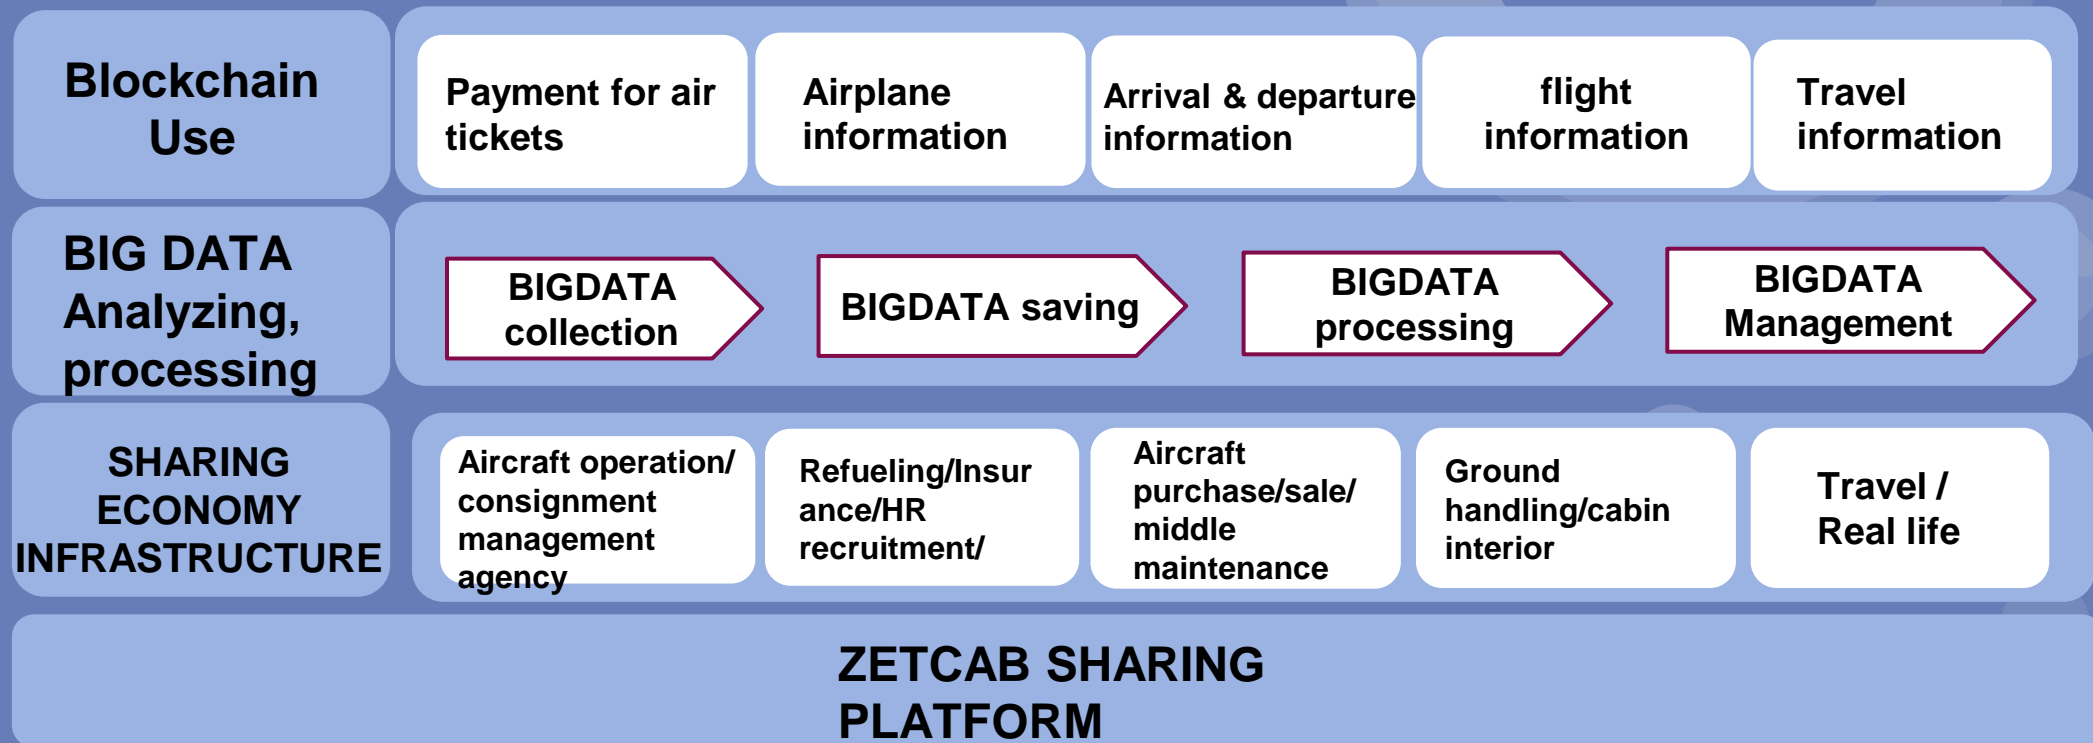

We comply with the punctuality of private jet operations based on ZETCAB's accumulated experience and strict standards.

**Convenience  
100%  
SERVICE ABILITY**

For private jet inquiries through ZETCAB, a ZET specialist will arrange all itinerary on a 1:1 basis. Limousine, high-end in-flight meals, secretarial support, and use of personal terminals provide convenience with short check-in time.

# BIG DATA System

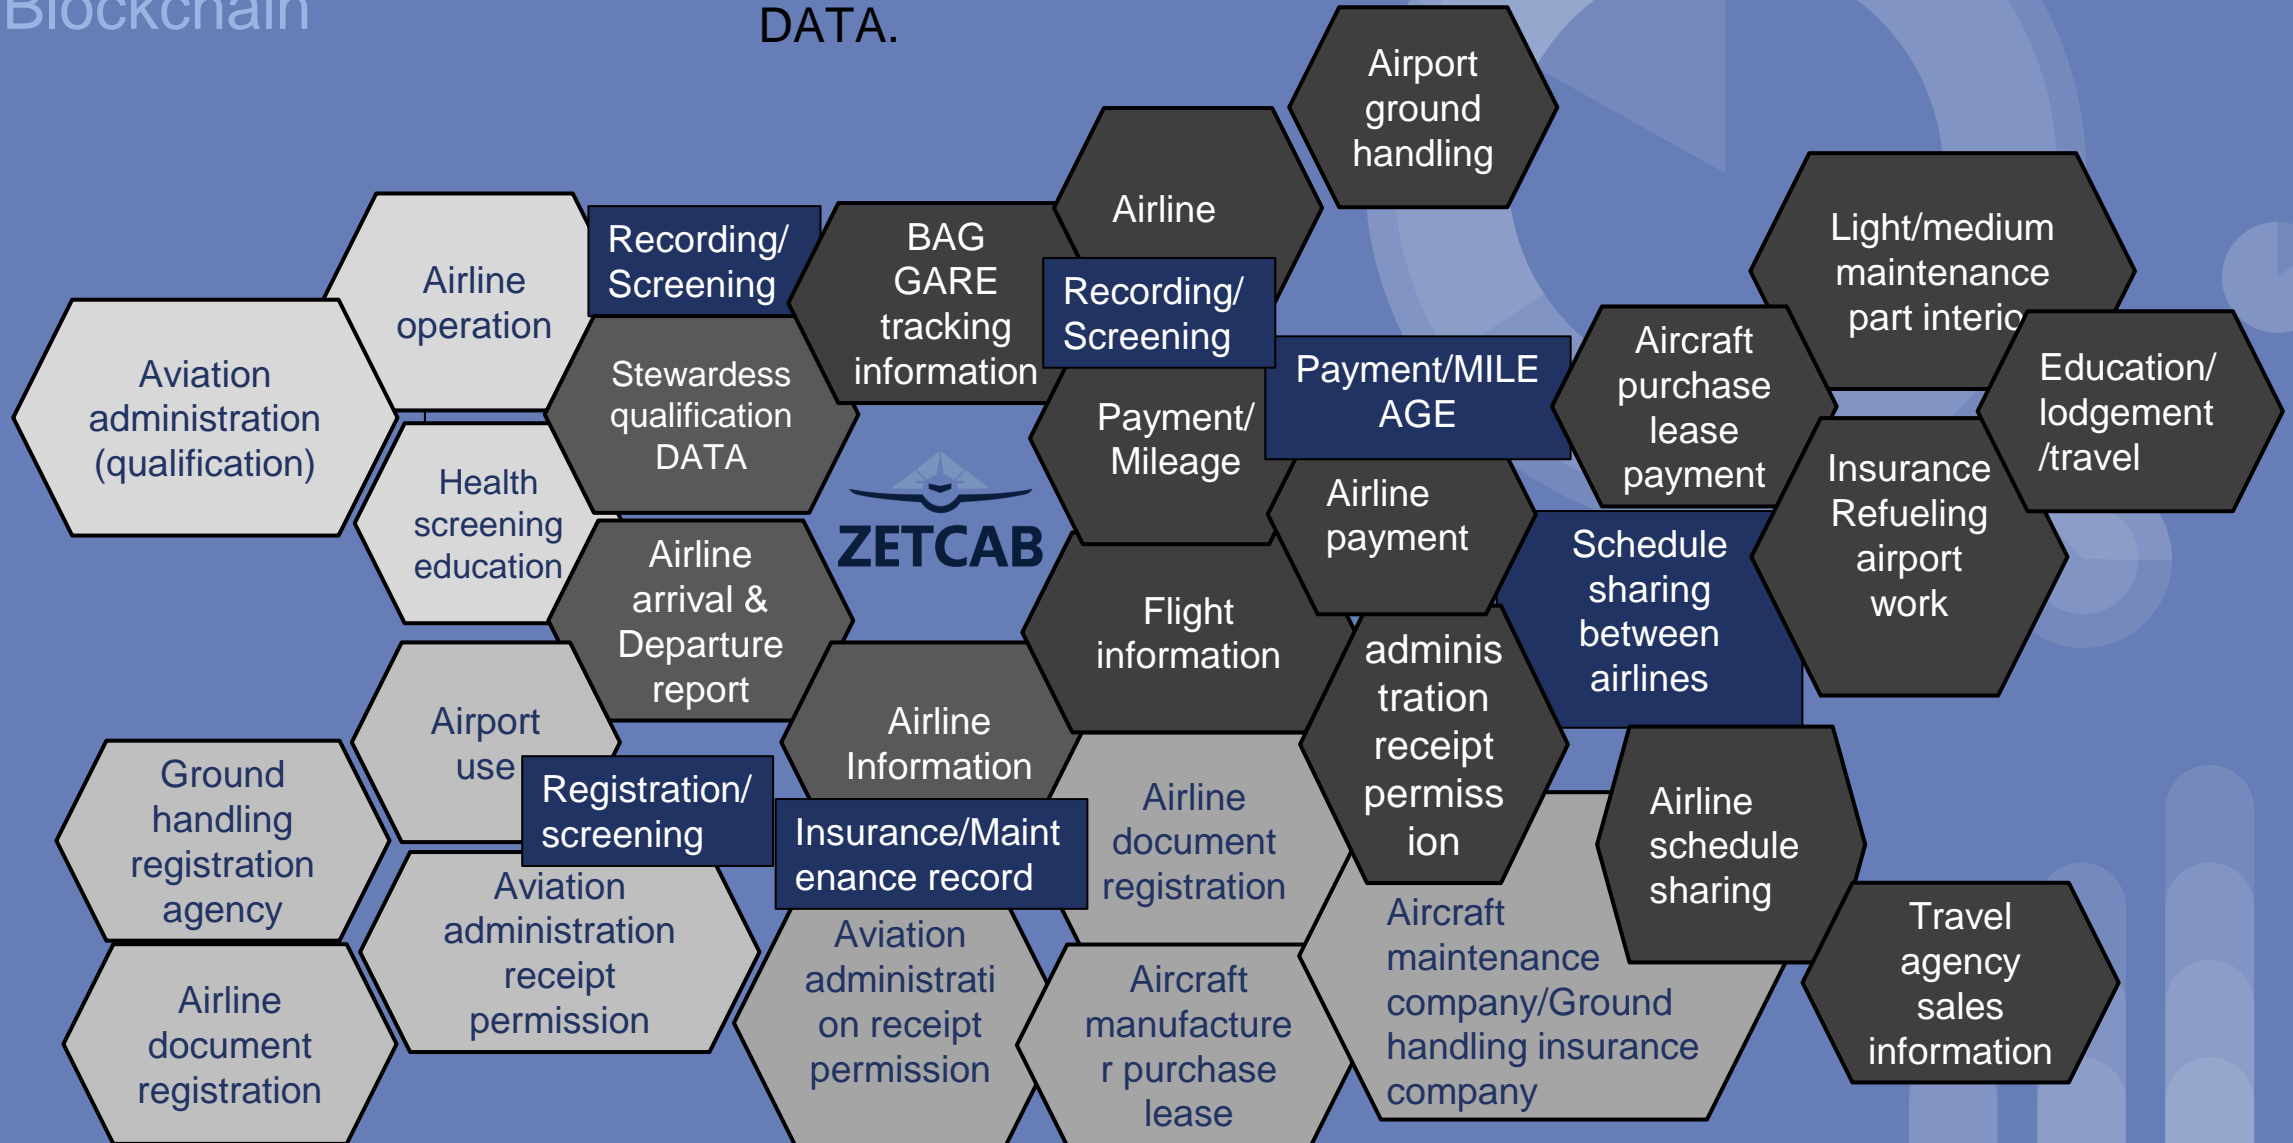

ZETCAB intends to advance into the integrated aviation information industry by turning the information obtained through the provision of solutions to airlines around the world into big data and applying blockchain technology.

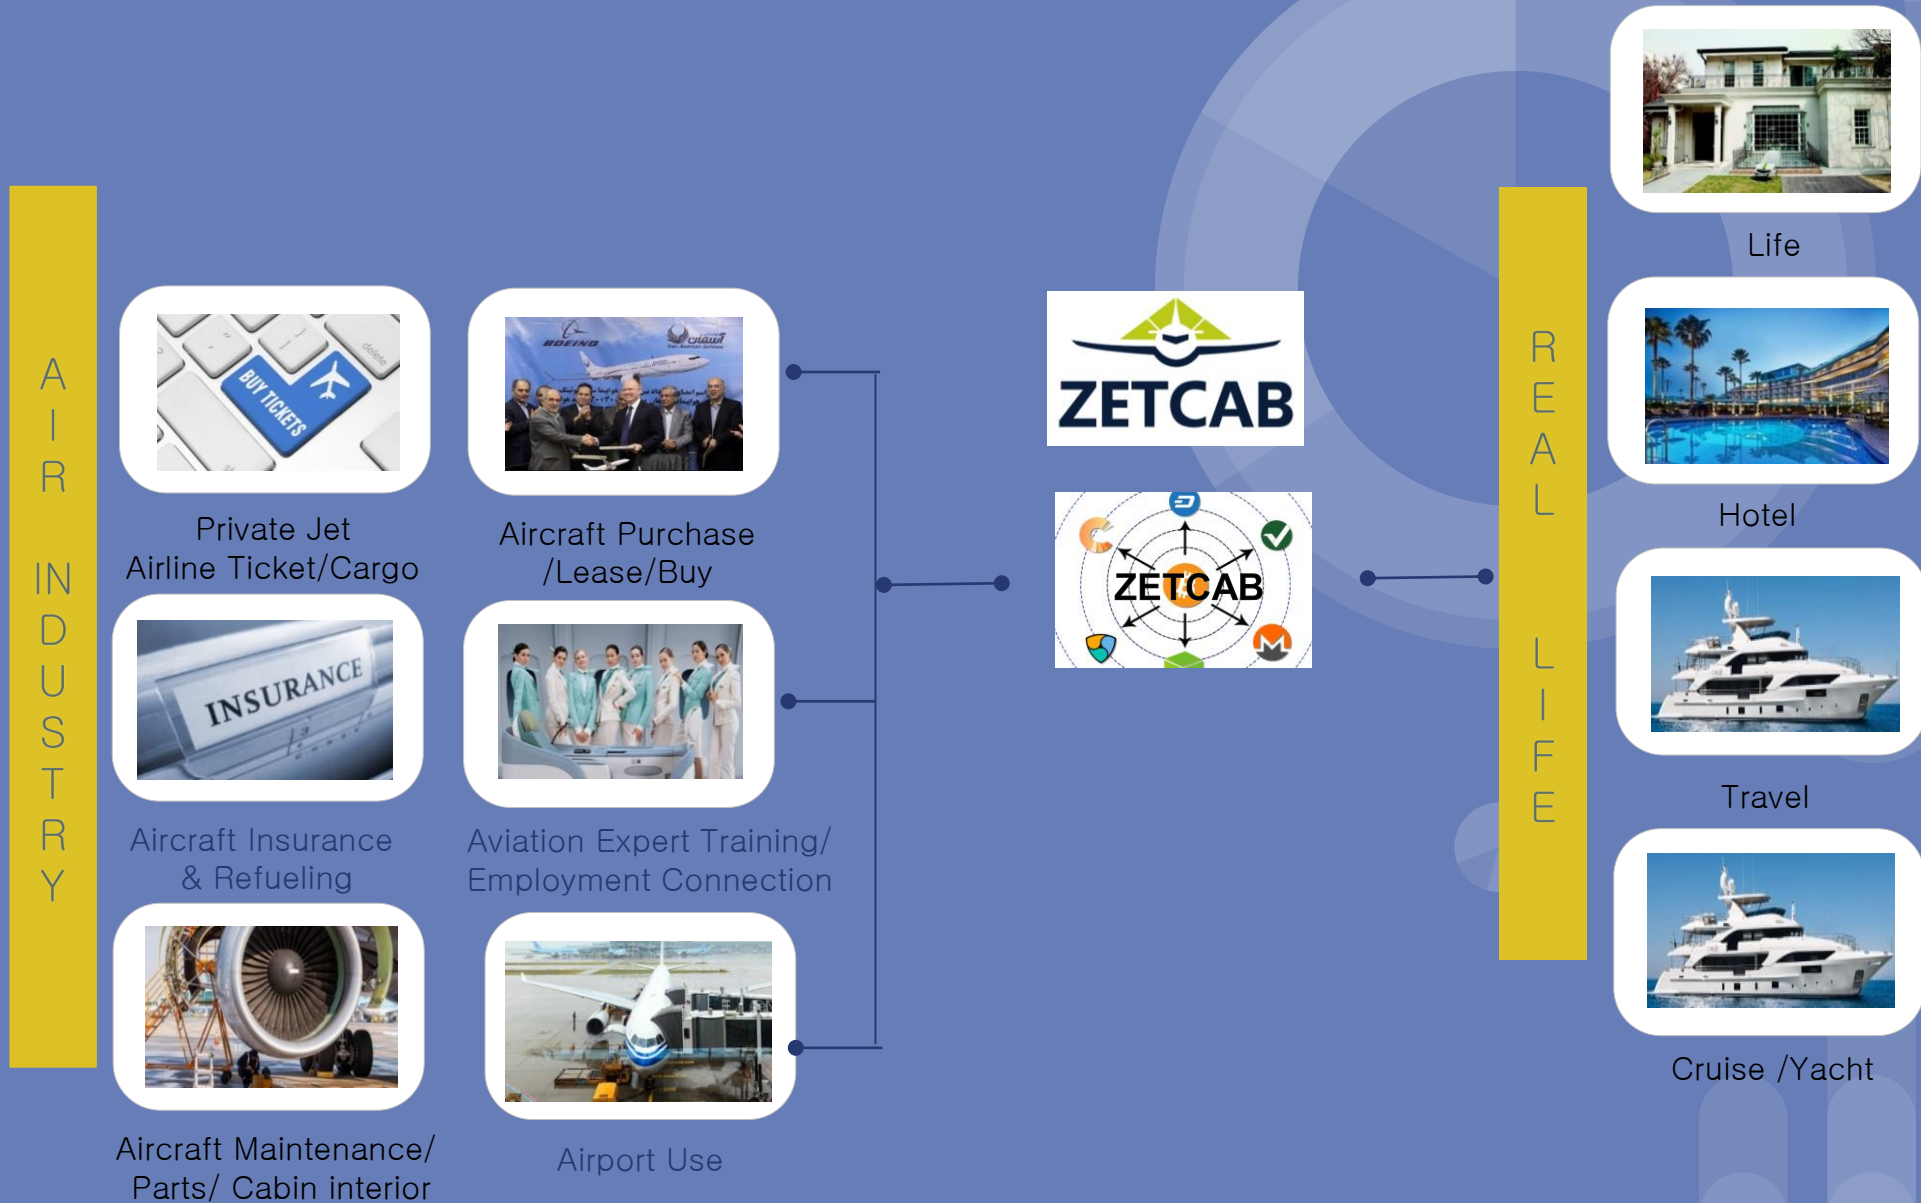

# ZETCAB SOLUTION

## Blockchain

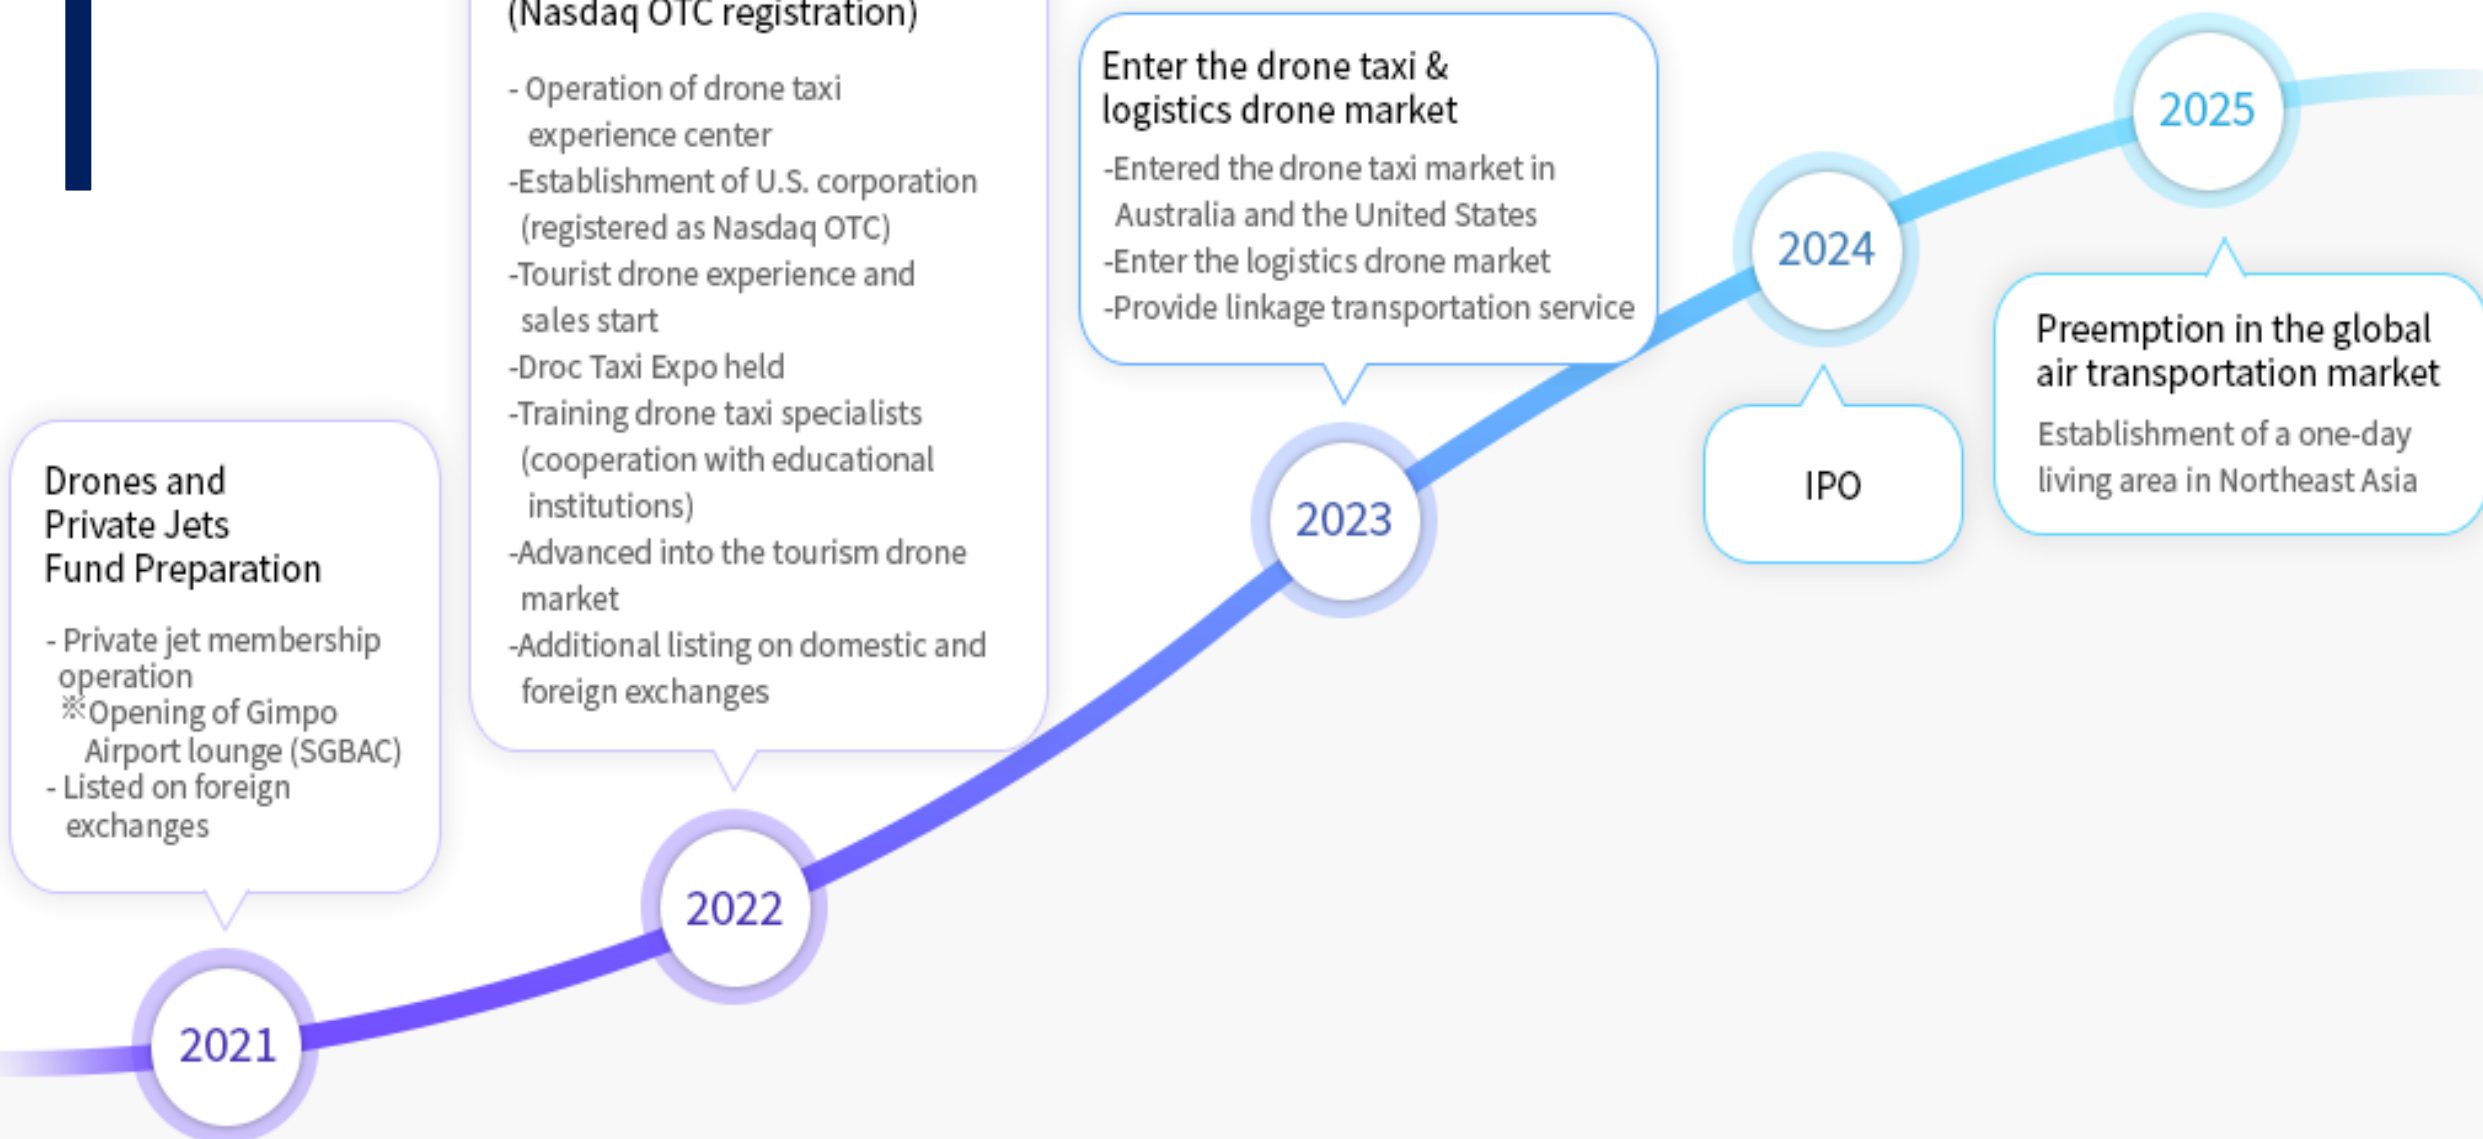

ZETCAB will build a system based on integrity, security, and safety by applying block chain technology by converting aircraft information / airline information / flight information obtained through aircraft ALLIANCE into DATA.
